

Wir suchen Sie für unseren Standort in Ungarn (Nyírbátor) als

Mechanical designer (m/f/d)

Tipo de empleo: Vollzeit

Tipo de contrato: unbefristet

Viajes: gelegentlich

Sus tareas

- With the help of 3D design software AutoCAD and Inventor you will develop and design entire automated packaging machines as well as complete systems, based on customer requirements
- The layouts that you make, will form part of the contract negotiations with our customers and are the fundament for our production after we get the order
- You will create customized solutions based on assembly groups; always with efficiency and cost-effectiveness as a high priority
- You will support our part production and assembly while they are building the machines you designed
- Based on market requirements, you will participate in the optimization of our machines and systems as well as in the development of prototypes

Sus calificaciones

- University engineering qualification (primarily in general engineering, mechanical engineering, design engineering, manufacturing technology or mechatronics specialization)
- Ideally relevant professional experience in machine design or mechanical Engineering
- Career-starters are also welcome to apply
- Knowledge of CAD systems, particularly AutoCAD and Inventor programs
- MS Office user skills, knowledge of ERP system preferred
- Able to work as part of an international team, flexibility, innovative mindset, a practical approach, precision, reliability
- Communication level English and/or German knowledge

Our offer

- In our mid-sized and future-oriented family business you will find a stable company and a secure position.
- High quality and innovativeness in an international environment with modern machinery and work tools.

- Room for active participation and professional development combined with an outstanding salary, cafeteria allowances (health foods, exercise, rest) and contribution to travel costs.
- Individual career paths with support for further trainings and international opportunities.
- Cultural values such as a respectful and transparent approach as well as a youthful atmosphere with the appreciation of experience.
